## REPORT YAQUIS ON RAMPAGE IN SOUTHERN SONORA AND RAIDING WHITE SETTLEMENTS

Consul at Nogales, Arizona, Receives Letter From  
American at San Francisco, Who Barely Escaped  
With His Wife In Flight From Country

### REPORT THAT MAYO INDIANS ARE IN REVOLT ALSO

NOGALES, May 7.—Consul Freder-  
ick Simpich has received a letter from  
H. Percy Meeker, the British subject  
who was rescued from a Mexican jail  
some time ago through the offices of  
the American government, which states  
that the Yaqui Indians are on the ram-  
page in southern Sonora and that they  
are raiding the white settlements.  
Meeker says he had several narrow  
escapes with his life before going to  
San Francisco, where he letter was  
written.

Advices from Los Mochis state that  
the Mayo Indians are in revolt and are  
out on a campaign of foot and brigand-  
age, burning every settlement they  
come across.

Fifteen thousand Chinese in Sonora  
have requested the Chinese Ambassador  
at Washington to appoint a Chinese  
consul for Sonora to protect their in-

American consuls.

## TOMBSTONE HAS COME BACK IN ALL IT'S GRANDEUR

Douglas International Vivid-  
ly Pictures Past of the Old  
Camp and It's Present

"Is Tombstone coming back? Yes,  
I should say it is," said a twenty-five  
year resident of that famous old town  
last night.

"In a measure it may be said to be  
back today. You must remember that  
to be entirely frank, Tombstone never  
was a metropolis in the broad sense of  
the word. She is rich in lore and opul-  
ent of tradition, and has always been  
invested with a quaint, rustic, natural  
beauty quite beyond thought. The  
very descriptions and deceptions of  
many of the abandoned residences and  
vacant, and cobwebbed storerooms  
seemed to mantle them with a glamor  
of attractiveness and poetical pleasing.  
The big two-story 'dobe hotel' seen in  
the shadows of night, seems to chal-  
lenge one to reinvest it with the anima-  
tion that was its boast some twenty  
years ago; the same was true of the  
Schieffelin theatre and of the storied  
'Bird Cage' and 'Crystal Palace'."

"Tombstone, perched atop of her  
treasure hill, surrounded about by  
mountains and vales sentried by the  
Schieffelin monument, possessing the  
only 'silver paved' street in the world,  
and deriving her water supply from  
the limpid, purring perennial springs of  
its sure some romantic town, and the  
old-timers love the place with a fidelity  
and fervor that only grow in strength  
when misfortune threatens.

"The business houses, practically  
all, are occupied now; and I cannot  
recall a single residence that is not  
inhabited. Every one is at work and  
happy and contented, and confidence  
that after all these Tombstone has  
finally come into her own again."  
—Douglas International.

## SENATE CONSIDERING APPROPRIATION BILL; BE UP MONDAY

Public School Appropriation  
Again Up in the House  
Today; Other Matters

PHOENIX, May 7.—The senate  
spent the morning and until well into  
the afternoon in executive session plan-  
ning its consideration of the general  
appropriation bill which will be under-  
taken Monday morning.

The senate bill carries a total of \$2,  
790,187.50, which is a cut of \$1,125,  
162.70 over the last appropriation and a  
substantial evidence that the upper  
house proposes to see to it that the  
work of scuttling the ship of state is  
stopped forthwith.

The senate has ordered a recapitula-  
tion of the committee's work printed,  
and this will be ready on Monday.

The house may conclude its consid-  
eration of the administration bill before  
adjournment tomorrow or it may not.  
In any event the senate will begin work  
on its bill Monday.

Public school appropriation provided  
the entertainment in the house this  
morning, and still held its position when  
the noon adjournment was taken, and  
again this afternoon is affording an out-  
let for the overwrought feelings of the  
statesmen.

### Twins Attract Attention

A set of twins, ensconced in a huge  
clothes basket, prettily arranged for  
them, attracted a great deal of atten-  
tion at the local depot yesterday.  
They were the children of Mr. and  
Mrs. G. W. Hams of Fort Huachuca,  
and Mrs. Hams was taking them to  
Cincinnati, where she will remain  
during the summer.—Dispatch

Mrs. Hams was in Tombstone for  
several days last week, the guest of  
Mrs. H. P. Johnson, and the basket  
was procured in Tombstone and will  
used throughout the entire trip.

It behoves every man who has a  
vote to poll it on election day. It is  
the business of every man on election  
day to see that his neighbor votes. The  
election on Tuesday next is a most im-  
portant one and if Arizona is to become  
a state every man should see to it, as  
far as he can by his voice and vote that  
we do not go into the sisterhood of  
states with our horse shoe up side  
down.

## TOMBSTONE EXPERI- MENTS WITH ENGLISH WALNUT AT RANCH

Prof. J. A. Rockfellow  
Grafting English Walnut  
to Native Plant

Prof. J. A. Rockfellow and wife will  
arrive in Tombstone tomorrow from  
the Rockfellow ranch in the Cochise  
Stronghold. Mr. Rockfellow has been  
spending the past two weeks grafting  
English walnut sprouts on to the native  
walnut trees, from which splendid re-  
sults are expected. The native walnut  
thrives abundantly in these parts, and  
should the experiment prove successful,  
there being every favorable indication,  
Mr. Rockfellow will have the miniature  
forest of native walnut trees on his  
ranch transformed into an immense  
grove.

## ARIZONA'S POPULATION IS IN EXCESS OF 275,- 000 SAYS REPORT

Based On School Census for  
Past Year Population  
Shows Increase

PHOENIX, May 7.—Based on the  
school census of 1914, Arizona's popu-  
lation is in excess of 275,000, according  
to figures recently applied.

The census of 1910 gave the total  
population of the state at 204,354, and  
the school census for the same year re-  
turned 39,611 children, making the ratio  
of the population to the school census  
approximately 5.18. Taking this mul-  
tiple, and multiplying 53,845, the school  
census for 1914, gives 278,817 as the  
population of the state. The estimated  
population of the state, as based on the  
United States census, and given in the  
new state blue book, is given as 247,267.

## E. G. BAKER, TRANSCONTINENTAL AUTOIST IN TOMBSTONE TODAY; LOWERS RECORD FROM PHOENIX

Made Distance From Phoenix to Tombstone In Seven  
Hours and Forty-five Minutes, Lowering Pre-  
vious Eight Hour Record Fifteen Minutes

### EXPECTS TO GET TO NEW YORK WITHIN 12 OR 14 DAYS

E. G. Baker in his Stutz Bearcat, on  
his transcontinental auto record trip  
from San Diego to New York City pas-  
sed through Tombstone this morning,  
having started at midnight Thursday  
night.

A 3400 mile trip in an auto is rather  
tiresome when taken leisurely, but  
Baker will strain every effort to get to  
New York in 12 to 16 days. That this  
is a tremendous task may be realized  
when it is known that he must average  
between 200 and 300 miles a day.  
Physically Baker is well equipped to  
stand the strain.

The car is stock, but has been strip-  
ped down so that there will be no extra  
weight to carry.

The car is thoroughly equipped with  
desert water bottles, a spade and all  
other necessities for the trip.

Baker intends to get to New York in  
time to drive back to Indianapolis to  
see the big 500 mile auto race on Mem-  
orial Day.

The two left Phoenix at 3:05 this  
morning, took breakfast at Tucson,  
departing from there at 7:25. They  
left Fairbank at 11:03 and arrived in  
Tombstone at 11:21, and the actual  
running time from Phoenix to Tomb-  
stone was 7 hours and 45 minutes,  
which lowered the record 15 minutes.  
The time made in the El Paso-Phoenix  
race from Tombstone to Phoenix, hav-  
ing been eight hours flat. They left  
Tombstone for Bisbee at 11:27 and ex-  
pected to make Bisbee in one hour.  
They will eat supper at El Paso this  
evening.

## CLEAN-UP AND PAINT-UP CAMPAIGN ON HOUSES BEING REPAIRED

Clerk J. E. James of Superior  
Court Repainting and  
Repairing Property

Clerk J. E. James of the Superior  
Court had joined the many Tombstone  
property holders in the Clean-up and  
Paint-up Campaign that has been be-  
gun in the city and is having his resi-  
dence in Safford repainted. First re-  
paired both inside and out, and when  
finished will present a beautiful appear-  
ance. The clean and paint-up move-  
ment is being joined by all the property  
holders and residents of the old camp  
and in a short time Tombstone will be  
among the cleanest cities of the south-  
west.
